WTYC-LP

04/20/24 Taylor County Disaster Day

9AM-3PM - Forest Capital Park (Perry, FL)

WTYC plans to have a table/booth at this event. One of the goals of WTYC is to provide emergency broadcasts and provide vital news and helpful information directly to the public. We are hoping to secure funding to secure the ability for local agencies to have direct access to alert the community using WTYC.

Come by, sign up for membership, and learn about the new station! There are various membership and volunteer opportunities available.
